How It Works

*At **The Second Door**, we recognize the value of the forgotten and the timeworn, offering unique pre-loved items, as well as those that never even made it off the shelf. You will find an array of new, used and slightly bruised items for home, kitchen and personal use. With the assistance of volunteers, donated items are turned into funds that the food bank uses for food and operational costs — every purchase helps to support those in the community who need it most.*

Why The Second Door?

-We have new & used items sold at a “second price”

-The slightly bruised are sold for a “second chance”

-Items will be used for a “second time”

-We are found behind the “second door” at Interfaith Food Bank.
